Oasis Life Network (OLN)

OLN exists to connect Muslims with authentic followers of Jesus Christ. Our goal is to develop friendships with people from Islamic backgrounds and to extend the real and powerful love of God in Christ as revealed in the Bible. Our network provides coursework, training and practical opportunities to meet and serve local Muslims. OLN has been involved in refugee care and resettlement and, through our member organizations, English language training, job placement and legal aid.

Opportunities

- "Family to Family": Host a Muslim individual or family for tea or a meal at your home. OLN has relationships with many wonderful Muslims, including international students, who would love to spend time in an American home.
- "Adopt a Muslim for Prayer": Many Muslims have never had anyone pray for them - ever. Through prayers, Muslims are encountering Jesus in powerful ways. Please join us!
